

MB-808 - Roland TR-808 clone with MIDibox sequencer

The main web page for the project is <http://www.eight-oh-eight.org>

Unfortunately, we've had some trouble with the hosting provider not properly taking payments, so I've made a complete backup of the web site and I'm uploading it to <http://synthchassis.com/808>

I also plan to upload information here to this page.

For more info, please contact doug at midibox addict dot com. Thanks!
