As soon as I have finished the sequencer based on the V4Seq with LPC board I will update this wiki page.

I am now in the final stage of designing the board, I have all the parts, LPC board. I just need to make one PCB to make sure that everything is working.

For now you can check how it is going with the projecton at: http://users.telenet.be/MB909/

you can contact me on: http://users.telenet.be/MB909/contact/default.html

Cheers Jef
