SVN Repository for MIOS8 and MIOS32 projects

MIOS8 and MIOS32 projects are stored in a SVN repository.

TODO: explain installation of SVN clients for Windows/MacOS/Linux here Optionally search for "svn" in the wiki to retrieve already existing documentation.

Using the SVN Web Client to determine Firmware Changes

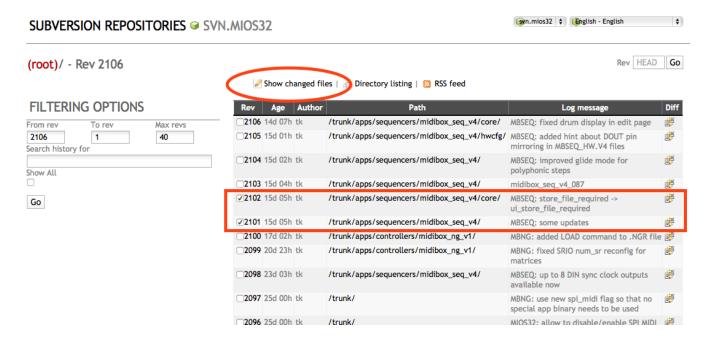

Here an usage example:

Go to http://svnmios.midibox.org

Select the MIOS32 repository, and then click on the "View logs" button.

SUBVERSION REPOSITORIES SVN.MIOS32		③n.mios32 ↓ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐ ☐

MBSEQ: fixed drum display in edit page		

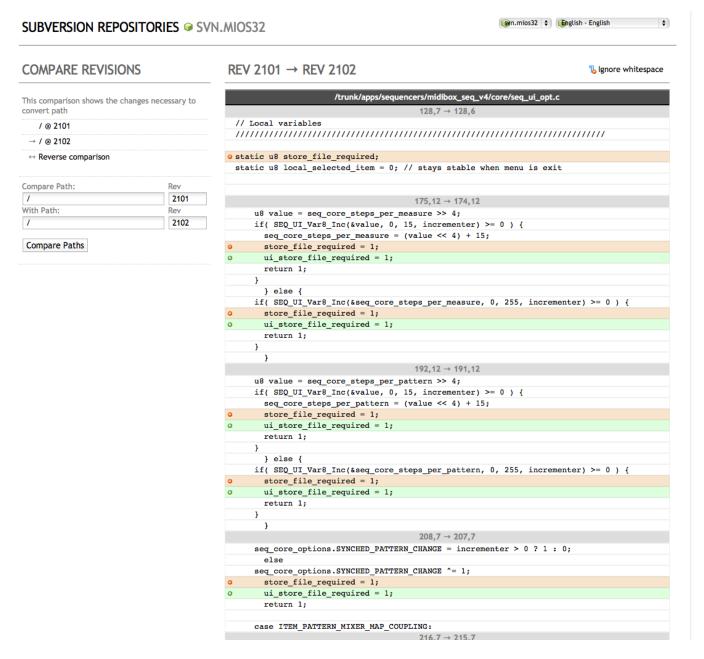

Check the comments, they are sometimes helpful. Select the potential problematic version with a "known good" one, or whatever you want to compare. Then click on the "show changed files" button:

Last update: 2014/12/30 23:17

svn

This gives you a nice looking diff over all changes:

And with some luck you will find out quickly, that the variable has been declared in seq_ui.c :)

I'm using this web based method as well whenever somebody reports a problem after firmware changes in order to find out what I did
