

### Add links to photos!

- Please, if you decide to build a midimon, take some photos before and after you put it in a case. Add them to a new forum topic and link<sup>1)</sup> it from here. Add any other info like what version of board was used and midimon version etc...it helps newbies a lot.
- Also, if you are reading this and have a midimon that you created, it'd be cool if you take a photo too and insert a link to it from here.
