The MBHP_4066 Board

For MIDIfying old analog Sound gear You'll need bilateral switches in some cases. In my case I needed more than 100 of them! For that reason I created the **MBHP_4066** board. One MBHP_4066 board provides 16 bilateral switches. For more Information have a look of the pdf file below.

Thanks for the engaged support **nILS** and **PCB Mike**!

The MBHP_4066 Board (assembled)

The MBHP_4066 Board (PCB, Eagle View)

Overview and Details of the MBHP_4066 Board
