

# MBlight Mind-Machine

<box 48% mid bluelight|What's a Mind-Machine?> The Mind-Machine generates audio-visual signals that influence the frequency of a person's brain waves, thereby inducing different mental states depending on the chosen pattern. </box>

In this project, a little modification to a MIDI box's DOUT module is presented, which allows to drive LEDs built into spectacles.

Here is a little demonstration: <http://www.youtube.com/watch?v=odRrXJm-RGQ>

Here is a detailed project description: [mindmachine\\_diy-beschreibung.pdf](mindmachine_diy-beschreibung.pdf)

If you have questions please send an Email to [We\\_R\\_1\\_at\\_web.de](mailto:We_R_1_at_web.de) (Kurt).
