

# Welcome

This page and the other pages throughout entire new\_wiki\_layout:\* namespace are just a template. Don't edit these pages.

The new pages should be laid out like these, but remove "new\_wiki\_layout:" from the page name first!

The 'home' page which will replace the original is basically a copy of this one, but of course the namespace has been removed. You can find it here: [home](#)

See this thread for info: [Re: Programming Platform / Old PIC info / Can of Worms](#)
